Product features

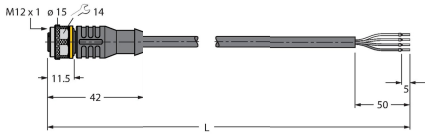

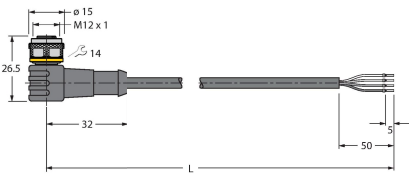

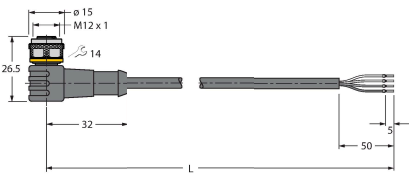

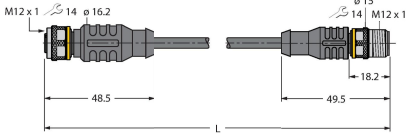

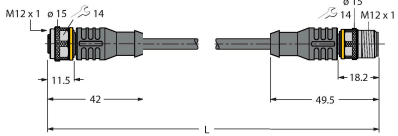

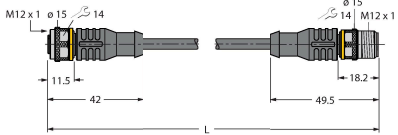

The image contains two isometric drawings of a sensor. The top drawing shows the sensor in its retracted position, with a dimension line labeled 'G' indicating the distance from the mounting surface to the front of the sensor body. The bottom drawing shows the sensor extended, with a dimension line labeled 'S' indicating the distance from the mounting surface to the tip of the probe. A yellow circle on the front face of the sensor body represents the active area, with a dimension line labeled 'D' indicating its diameter. The sensor is mounted on a rectangular base.
