

PRESS RELEASE 07/10

Turck with own subsidiary in Austria

Effective from May 1, former Austrian representative Intermadox GmbH becomes Turck GmbH

Muelheim, April 19, 2010 – Turck is now represented in Austria with its own subsidiary. The Mülheim-based company has bought 100 percent of its long-time representative in Austria, Intermadox GmbH, based in Vienna. As from May 1, Intermadox GmbH will officially be renamed to Turck GmbH. In addition to the Turck solutions, the Austrian subsidiary will continue to offer products from Banner Engineering, Escha, Lenord+Bauer, ASM and Gefran in Austria.

Stephan Auerböck, sales manager and authorized representative, takes over the operative business. Until now, Stephan Auerböck has been responsible for sales activities with Intermadox. Initially, Christian Wolf will act as provisional managing director of the new Turck GmbH. Turck focusses on continuity and thus relies on the proven Intermadox staff. Irene and Heinz J. Brezina, the founders and former managing directors of Intermadox, decided to retire after a transitional period, whereas the entire workforce will be taken over.

“Following our globalization strategy, incorporating Intermadox is a further step in this direction. After many years of successful cooperation with Intermadox, we are particularly delighted to welcome the new Turck team on board and to support our Austrian customers in a more targeted manner”, says Christian Wolf, managing director of the Turck Group. “We would like to thank Irene and Heinz Brezina in particular, who founded Intermadox in 1969. Intermadox has become a successful Turck representative in Austria and we will continue and expand the successful work.”
